## BUILDING SELF EXPRESSION AND CONFIDENCE

Writing is often regarded as a mere form of communication, but it is, in fact, a powerful tool for self-expression and confidence-building. The art of writing has the ability to transform individuals, empowering them to convey their thoughts, emotions, and experiences in a meaningful way. Through writing, individuals can tap into their creativity, develop their unique voice, and cultivate confidence in their abilities.

One of the most significant benefits of writing is its ability to foster self-expression. When individuals write, they are able to convey their thoughts, feelings, and experiences in a way that is authentic and meaningful. Writing provides an outlet for emotions, allowing individuals to process and understand their feelings in a deeper way. This, in turn, enables individuals to develop a stronger sense of self-awareness, which is essential for building confidence and self-esteem.

The art of writing also has a profound impact on an individual's personal growth and development. Through writing, individuals can reflect on their experiences, gain new insights, and develop a deeper understanding of themselves and the world around them.

In conclusion, the art of writing is a powerful tool for building self-expression and confidence. Through writing, individuals can convey their thoughts, feelings, and experiences in a meaningful way, develop their unique voice and cultivate confidence in their abilities. As a skill that can be developed and refined over time, writing offers individuals a lifelong journey of self-discovery, growth, and transformation. By embracing the art of writing, individuals can unlock their full potential, develop a stronger sense of self-awareness, and live more authentic, meaningful lives.

# IMAGINATION STATION

## PAGES OF WISDOM

As I turn the pages, I learn and I grow,  
About the world, its secrets, and all that it shows.  
You teach me about history, about the past,  
About the brave men and women who fought to last.  
You show me the beauty of science and art,  
Helping me to understand the world and its every part.  
You help me to develop my imagination and creativity,  
To think outside the box and to be original  
You broadened my perspective, and helped me to see,  
The world from different viewpoints and to understand humanity.  
I'll keep on reading, learning, and exploring with glee,  
For books are the keys to knowledge, and to a world of wonder, waiting to be free.  
Books are the windows to the world.  
- Ipsa Pandey, Grade 8-MOON

## WHERE THE MOON HAS BEEN?

I look across the earth  
For the piece that fell apart  
That continuously glowing beauty,  
The one who had a pretty heart  
I looked and I looked  
Oh! I could, n't find anymore  
But the moment I looked at the sky  
The moon was left with the pretty scar  
- Rajat Mahendru, Grade 7-Sun

## THE INTUITION OF SIXTH SENSE

Personal safety education is learning how to keep yourself safe in different situations. If something doesn't feel right, trust your gut feeling. It's okay to leave a situation or ask for help if you feel uncomfortable. Know where you can go for help, like a trusted adult, a teacher, or a safe location in your community. Be careful about sharing your personal information. Try your possible to stay with friends or family members, especially in unfamiliar places. Consider learning basic self-defense techniques. They can help you feel more confident and prepared. Remember, it's always okay to ask for help if you need it. Stay safe and look out for yourself and others!
